

# LEARN MORE THAN YOUR SCORE WITH UPDATED NBME® SELF-ASSESSMENTS

## INTRODUCING UPDATED SELF-ASSESSMENT FORMS, NOW WITH IN-DEPTH ANSWER EXPLANATIONS INCLUDED AT NO EXTRA COST.

As part of our commitment to supporting an enhanced learning experience for students, NBME's Self-Assessments now deliver much more than a predictive score —allowing you to view in-depth answer explanations.

### This update will:

- ▶ Help you quickly and decisively identify mistakes, reinforce knowledge, and guide future learning
- ▶ Offer you a valuable learning tool with comprehensive feedback, helping you to maximize your study time

▶ For more information, visit [nbme.org/examinees/self-assessments](https://nbme.org/examinees/self-assessments)

## WHICH NBME SELF-ASSESSMENT FORMS ARE CHANGING, AND WHEN?

Updated forms to help you prepare for your exams will be available on **March 24, 2021**.

Along with providing answer explanations across the entire Self-Assessment offering, we're introducing the following updated forms:

- ▶ 6 updated Comprehensive Basic Science Self-Assessment forms will be introduced, and 6 forms will be retired.
  - ▶ Updated form numbers: 25, 26, 27, 28, 29, and 30
  - ▶ Retired form numbers: 18, 20, 21, 22, 23, and 24

**The old forms aren't going anywhere just yet. You can purchase retired forms before March 24, 2021 and continue to access them for 90 days.**

If you've already purchased, but not yet started forms 18, 20, 21, 22, 23, and 24, you can change forms when choosing an exam to take at [MyNBME<sup>SM</sup> Examinee Portal](#).

---

### Revisions to Comprehensive Basic Science Self-Assessments

- ▶ On March 24, 2021, NBME's Comprehensive Basic Science Self Assessments will be revised to align with August 2020 amendments to the USMLE Step 1 Exam—now including questions on assessing communication skills to expand assessments of soft competencies.
